Lucky Draw

Profit from a user purchasing a PIN

- 1- Pin will be available cheaper than the original rate
- 2- Refer number will increase on purchasing pin
- 3- If the number of referrals increases, then separate commission of referral will increase to 6 levels.
- 4- Benefits in all plans are absolutely free on purchasing PIN.
- 5- The user can activate the ID of all the PINs he buys.

If a user buys only 10 pins, then he will have to pay Rs 380 to the company instead of Rs 400 because the price of one pin or the price of Bronze plan is Rs 40, in which half pin i.e. Rs 20 discount is being given on 10 pins, hence Rs 400. Instead of paying only Rs 380

No. of Pin Buy

10	25	50	100	250	300	500	600	1000	2000	5000	10000	100000
1/2	2	6.25	12.5	40	50	60	80	150	320	750	1500	15000

How many pins will you get at discount?

If a user does not buy the PIN and refers or joins someone, then only he will get the commission for the referral and not for the PIN.

By purchasing more PINs in the Bronze plan, the user will earn free money in the remaining 8 plans like Silver, Gold, Diamond etc. When his referral remains active in the future plans, then what benefits will the user get, you can see the details in the table given below.

- 1- If a user joins someone after his registration, then along with direct referral, that user will get income up to 6 levels of indirect referral.
- 2- If any user buys a PIN and refers, then that user will get both PIN Income + Refer Income as mentioned in PIN Income.
- 3- Refer and earn program will continue in all 9 types of plans.
- 4- Refer and earn is as follows in all plans, details of which are given below.

Each plan will have a lucky draw with refer and earn, like the Bronze plan will have a lucky draw and the Silver plan will also have a refer and earn and lucky draw.

In this sequence, lucky draw will be done with refer and earn in all the plans. The lucky draw will be rescheduled on a given date in which total 2023 users will get benefit through lucky draw (in some future plans, the number of 2023 users in which they will get benefit may be more than zero)
